

Connect2First Internet, LLC Service Agreement

The terms and conditions of this Service Agreement (“Terms of Service” or “Agreement”) constitute the agreement between Connect2First Internet, LLC (“Connect2First”, “Company”, “We”, or “Us”) and the User (“you”, “User” or “Customer”) of the Company’s voice communications services (“Phone Service”), broadband internet access service (“Internet Service”), and any related products or services (individually and collectively, “Services”). This Agreement governs both the Services and any equipment or device provided by the Company (“Device” or “Equipment”), used in conjunction with the Services.

By signing this agreement, you represent that you are of legal age to enter into an agreement and that you have read and understand fully the terms and conditions of this Agreement.

PLEASE READ THIS AGREEMENT CAREFULLY BECAUSE IT INCLUDES MANY IMPORTANT TERMS, INCLUDING WARNINGS THAT YOU MAY BE UNABLE TO USE THE PHONE SERVICE FOR 911 OR OTHER EMERGENCY CALLS UNDER CERTAIN CIRCUMSTANCES, AND LIMITS AND DISCLAIMERS ON COMPANY’S LIABILITY.

By using Connect2First’s Services, you signify your agreement to all terms, conditions, and notices contained or referenced herein, including those published on our website, www.connect2first.net. If you do not agree to the Terms of Service, do not use the services and immediately terminate your subscription and this Agreement by calling Customer Service at 1-833-411-2234 and returning all Equipment to Connect2First.

BILLING AND PAYMENT

Customer agrees to pay for all Services provided by Connect2First including but not limited to charges for installation (if applicable), Equipment, Services, and all applicable local, state, or federal fees, taxes, and surcharges. The monthly charges for each Service or product shall be the then current monthly charges set by Connect2First, as posted on our website at www.connect2first.net.

*** While our fiber optic Phone Service is exempt from many of the taxes and surcharges you may be used to seeing on a traditional landline phone bill, we are still subject to state and local sales tax, state gross receipts and excise taxes, Universal Service Fund contributions and E-911 surcharges. These taxes and fees will each appear separately on your bill and may vary from time to time based on changes imposed by the corresponding regulatory agencies.**

All Customers will be billed for the upcoming month of Service in advance. Full payment for the first month will be required within 14 days of the installation date. The billing date will be based on the date Services started and will continue on the anniversary date each month. If a Customer chooses to change their billing date, the bill will be prorated to accommodate.

Connect2First will send an itemized invoice each month to the email address that you provide. Invoices will be generated and sent approximately 14 days before the due date. If either of the before mentioned dates fall on a weekend or holiday, the applicable date will be the next business day.

Services are offered either under a one-year contract or a month-to-month basis. The term for a one-year contract ends the day before the one-year anniversary of the date your Connect2First Phone service and/or Internet Service was activated, and the term will become monthly thereafter. The term for Services purchased on a monthly basis ends on the day before the same date in the following month. Subsequent terms of this Agreement automatically renew unless you give Connect2First written notice of non-renewal at least 10 days before the end of the monthly term in which the notice is given.

Customers with a one-year contract are not subject to an installation fee. However, if the Customer cancels a contract for Phone Service within the first year, there will be a \$54.76 Cancellation Fee per month until the term has concluded. If the Customer cancels a contract for Internet Service within the first year, there will be a \$59.99 Cancellation Fee per month until the term has concluded. If the Customer cancels a contract for Internet and Phone Service within the first year, there will be a \$59.99 Cancellation Fee per month until the term has concluded.

Customers that initiate Service (either Phone or Internet) on a month-to-month basis must pay a \$350.00 installation fee. Customers that initiate Phone Service bundled with Internet Service on a month-to-month basis are subject to only a single installation fee for the bundled package.

Each residential Internet Service package includes a modem and one Access Point Wireless Router. If Customer chooses to have more than one router installed, there will be a monthly fee of \$9.99 for each additional router.

You will be charged a \$40 fee for upgrading your Internet Service to a different level of speed. The change in your monthly fee will be adjusted on the next month's bill following the change request. If you request to downgrade your Internet Service to a different level of speed, there will be no changes made until the start of the next billing cycle. Services will not be prorated if such Services are cancelled before the end of a service period. Your Service will remain active until the end of the service period.

If you attempt to terminate Service prior to the end of a monthly term, you will be responsible for the full month's charges to the end of the then-current term, including, without limitation, any unbilled charges, all of which will immediately become due and payable. Expiration of the term or termination of Service will not excuse you from paying all accrued and unpaid charges due under this Agreement.

For service calls, a \$100.00 service fee will only be applied if a technician has determined the result of the service interruption is due to Customer negligence. Connect2First will not be able to troubleshoot any modems or routers that are not provided by Connect2First. Additionally, a \$50.00 missed appointment fee will be charged if a technician is scheduled to visit Customer's home for a service call, but Customer is not home.

For service cancellation, if Equipment is not returned following a disconnection, an Unreturned Equipment Fee will be applied to the account. Equipment fees will include \$130.00 for the modem and \$100.00 for each router.

Payment for service is due no later than Customer's billing date of the month. Connect2First's preferred payment method is automatic bank transfer or credit card payment. Auto-payment will be withdrawn on the due date stated on Customer's bill. Customers will have the option to make a payment online using their checking account information. If this payment is declined, a returned check fee of \$25.00 will be applied to your next month's billing statement. When you subscribe to our Services, you authorize us to collect from your payment method, including, if applicable, recovery fees and any other outstanding charges. This authorization will remain valid until 30 calendar days after you terminate our authority to charge your payment method.

You agree to pay all charges due and payable for the Services without counter-claim, set-off or deduction, other than amounts reasonably disputed. Failure to pay in full may result in immediate suspension of services, and Connect2First shall have no liability for such suspension under any circumstances. During the period of suspension, Services will be unavailable until the account balance is paid in full.

If you reasonably dispute an invoice, you must pay the undisputed amounts and provide written notice of the disputed amounts. Failure to dispute a charge within a 30-day period shall constitute an irrevocable waiver of your right to dispute the charge, unless otherwise provided by law. The parties shall attempt to resolve the dispute in good faith for a period of 30 days from the notice. If any charges remain in dispute at the end of the 30-day period, you will pay the full amount due within 10 days, otherwise Connect2First may exercise any available remedies for breach.

If you do not deliver full payment for all billed charges by the due date, Connect2First will assess a \$10.00 late payment fee. If payment is not received within 5 days of the due date, a temporary non-pay disconnection will be placed on your account. This will disable your Services until you make a payment to your account. However, the failure of Connect2First to terminate any Services for non-payment of any charges shall not act as a waiver or estoppel to terminate Services of such account for non-payment of current or future charges. If full payment is received before the next billing cycle, Services will be reactivated, and a \$20.00 reconnection fee will be applied to the account.

All prepaid fees and other payments by Subscriber are non-refundable and non-creditable, except in situations where Customer has made prior arrangement with the Company to terminate service mid-month and has returned Equipment within the time frame set forth in this Agreement.

Customer is responsible for all charges attributable to its account with respect to the Services. You agree to notify Connect2First immediately, in writing or by calling the Connect2First support line at 1-833-411-2234 if you become aware at any time that Service is being stolen or fraudulently used. You are responsible for all usage charges attributable to your account, even if incurred as the result of fraudulent or unauthorized use by third parties, until you report the theft or fraudulent use of the Service. Connect2First, may, but is not obligated to, detect or report unauthorized use or fraudulent use of Service. You agree to save, defend, indemnify and hold Connect2First harmless from all claims, costs, liabilities and damages arising out of such fraudulent or unauthorized use.

International calling for Phone Service is disabled by default. Customers may request it be enabled for a given country at any time by contacting Connect2First. All International calls are billed at their respective international rates, which are updated from time to time. Any and all call

charges are rounded to the nearest whole penny. International calls will be charged at the start of the next month.

In the event it is necessary to utilize the services of a collection agency or an attorney to recover payments for services rendered, you will be liable for the reasonable cost of collection including, but not limited to, attorney fees and court costs. Connect2First reserves the right to refer your account to a collection agency at any time (no time limits apply).

Connect2First has no liability for service interruption; however, if you lose Services for more than 24 consecutive hours and the cause of the outage was within our reasonable control, Connect2First will provide you a credit for that period if you request one. All credit requests must be made within 30 days of your next bill following the outage or service issue.

You shall not resell or transfer the Service or the Equipment to another party. our sole and absolute discretion, that you have at any time used the Service or the Equipment in a way inconsistent with customary activities of a small business User.

All Customers (both Residential and Business) should be read the provided Battery Backup disclosure. We are not responsible for your electrical power, and you may experience occasional outages. For this reason, it is strongly recommended that you maintain a battery backup. It is recommended that you provide a forwarding number so that you can receive phone calls in the event of an outage.

Customers also should read the provided 911 disclaimer document. By acceptance, and use, of the Connect2First Phone Service you acknowledge and accept any limitations of 9-1-1/E9-1-1 service, and you agree to convey these limitations to all persons who may place calls over the Phone Service.

You acknowledge that the Company may use call detail, and customer proprietary network information, for all lawful purposes, including but not limited to actions related to the initiation, rendering, billing and collection of the Service. Further, such actions also include the use of such information for the purposes of testing, verifying, and otherwise assuring that the Service is delivered to you.

LOCAL NUMBER PORTABILITY

If you are transferring your existing phone number from another service provider for use with the Service, the following terms and conditions also shall apply:

A) You will cooperate fully with the Company and provide promptly all information, including a letter of authorization or other documentation, as requested by the Company in connection with the processing of your order for Service;

B) You authorize the Company to notify your current telephone service provider of your decision to switch your local, local toll, toll free and long distance services to the Service, and you represent you are authorized to take such actions;

C) You acknowledge that if you set up the Service prior to the date that the number switch becomes effective (the "Port Effective Date"), you may be able to place outgoing calls but not receive incoming calls over the Service, and may not be able to make 9-1-1 or other emergency calls over the Service, until the Port Effective Date (in such a case, you should keep another phone connected to an existing phone extension at your service location to receive incoming calls until the Port Effective Date); and

D) You acknowledge that if the Service is not yet activated as of the Port Effective Date, your existing phone service for the number you are transferring will be disconnected, and you will have no service for that line. To help avoid an interruption in your Phone Service, you should install the Service prior to, or on, the Port Effective Date. An estimate of the Port Effective Date may be sent to you by the Company following your completion of the ordering process, but this is only an estimate and not a guarantee of the Port Effective Date.

If you chose to terminate Phone Service and switch to another voice provider, any telephone number may be allowed to port out if, at the time of our receipt of the port-out request:

A) The number(s) being ported out have been active in the current subscribers account for at least 90 days,

B) All previous invoices have been paid and there is no outstanding balance on the account.

If you DO NOT notify Us that you are porting (moving) your phone number to a new phone company, Connect2First will turn off your Phone Service and terminate billing at the end of the current billing term. If you DO notify Us that you are porting (moving) your phone number to a new phone company, Connect2First must leave your Phone Service active until you or your new phone company notify Us that the port-away has completed. The Phone Service must remain active until the port-away has occurred, or your phone number may be lost. Once we're notified that the port-away has completed, Connect2First will turn off your Phone Service and terminate billing at the end of the then-current billing term.

PHONE NUMBERS

The Customer acknowledges and accepts that it does not own or have any property rights in or any other rights to any telephone numbers assigned to them, whether or not the telephone numbers are published in any directory. Connect2First may change a telephone number designated for the Customer if Connect2First has (a) reasonable grounds for changing it and gives the Customer reasonable advance notice stating the reason for and the anticipated date of the change, or (b) in cases of emergency, given the Customer verbal notice, followed by a written explanation as soon as is reasonably possible. Connect2First is not liable for any costs, damages or other amounts resulting from changes to telephone numbers.

LIMITATIONS OF PHONE SERVICE

Customer acknowledges, and agrees, to the following limitations of service:

A) Phone numbers. The phone numbers you obtain from Us for Residential Service will not be listed in any telephone directories. Phone numbers transferred from your local phone company may, however, be listed. As a result, someone with your phone number may not be able to utilize a reverse directory to lookup your address.

B) Compatibility with other devices and systems. The Service may not be compatible with non-voice devices. All non-voice communications equipment, including but not limited to, home security systems or alarm systems that are set up to make automatic phone calls, modems, data modems, any device that relies upon a modem, or other hearing-impaired devices, and medical monitoring devices ("Non-Voice Systems"), are not considered compatible with the Service and may be interrupted or permanently disabled by installation or operation of the Service. You should maintain a traditional analog telephone connection in order to use any alarm monitoring functions for any security system installed in your home or business that relies on a traditional circuit switched analog phone line. You are solely responsible for the operation and use of such Non-Voice Systems with the Service, including taking any necessary steps, as permitted under your agreements with the Company, to ensure compatibility between such Non-Voice Systems and the Service.

TRANSFER OF ACCOUNT/CHANGE OF RESIDENCY

The Services shall only be provided to Customer at the address where installation is performed. Customer may not transfer Customer's rights or obligation to the Services to any successor tenant or occupant or to any other address without Provider's prior written approval.

If you wish to move, you must contact the Company for information on Service availability at the new location. Using or moving, or attempting to use or move, the Equipment or Service to a new location is a violation of this Agreement.

ACCESS ON PREMISES

You agree to allow Connect2First and/or our agents to enter the property at which the Connect2First Service(s) and/or Equipment will be provided to you (the "Premises"), upon your request, to install, configure, upgrade, maintain, inspect, change, repair and/or remove the Service and/or Connect2First Equipment. You warrant that you are either the owner of the Premises or, if you are not the owner of the Premises that you have obtained the consent of the owner for Connect2First or its agents to access the Premises for the purposes described herein including, without limitation, consent to attach Connect2First Equipment to the outside of the Premises.

EQUIPMENT

You understand and acknowledge that, for Connect2First to provide Service, certain Equipment may be provided to you at the physical address where the Service will be provided. You acknowledge that the equipment requirements are subject to change depending upon the specific installation environment provided by you, and Connect2First makes no representation or warranty that additional equipment will not be needed.

Equipment is, and shall at all times be, the sole and exclusive property of Connect2First. The Equipment may only be used in the premises, and you acknowledge that you may not remove, relocate or reinstall the Equipment at a location other than the Premises.

You agree to inspect the Equipment upon receipt and immediately notify Connect2First of any damages, malfunction or missing components so that Connect2First can take appropriate measures. Once the Equipment has been delivered to your location, it is your responsibility to ensure that the Equipment is not stolen, damaged, or otherwise harmed. The repair of any damage (other than fair wear and tear) will be your responsibility. If any of the Equipment is lost, stolen, or damaged during your ownership, Connect2First reserves the right to charge you the retail price of the lost, stolen or damaged items.

Should the Equipment malfunction for reasons other than misuse or accidental damage, Connect2First will repair or replace the product at no charge to you. In the case of malfunctions or damage caused by accident or misuse Equipment repairs will be your responsibility, and Connect2First reserves the right to recover its cost of repairs through a service charge. If replacements are needed, Connect2First reserves the right to replace the Equipment with an equivalent system.

Connect2First is not liable for any damage, injury or loss to any person or property arising from the possession, operation or use of the Equipment. In any event Connect2First's liability is limited, at Connect2First's choice, to: (a) replacement with the same or equivalent Equipment; (b) repair of the relevant Equipment.

DEVICE ATTACHMENT RULES

All of Provider's Customers will receive an optical network terminal ("ONT") that will physically connect to the indoor fiber drop at their premise. The type of ONT deployed will vary based upon commercial or residential purposes. For residential purposes, Provider will offer an ONT that by default acts as a residential gateway and provides 2.4 and 5.0 Ghz wireless networks, WiFi network management and connected device management capabilities at no additional charge. If a residential Customer declines to use this residential gateway configuration, the ONT can be configured in bridge mode and provide IP connectivity to Customer-provided equipment. For commercial purposes, an ONT configured in bridged mode will be provided when Customer can connect their commercial grade Customer Premise Equipment device to the Ethernet ports on the ONT. Provider WILL NOT configure any Customer-provided equipment. If Customer is provisioned in bridge mode, Provider will only validate that Service is up and active to the Customer's bridged port on the ONT. Provider cannot perform any network management support on devices behind Customer-provided equipment. Provider's Customers may not connect their own ONT off the fiber drop inside their premise. Any attempt to do so will result in a complete loss of service until a Provider-provided ONT is configured, deployed and tested at the Customer's premises.

SERVICE LEVEL QUARANTEES

The Customer understands and agrees that Connect2First does not guarantee that any particular amount of bandwidth on the Service will be made available to the Customer or that any speed or throughput of the Customer's connection to the Service will be available to the Customer. Service is subject to scheduled and unscheduled maintenance outages; however, Connect2First will strive to minimize the impact of scheduled outages.

POWER REQUIREMENTS

The Customer understands that the fiber optic service requires electricity at the Customer's service location and if an electrical service outage occurs, all services delivered over the fiber which include Internet Service and could also include Phone Service, will not function during the outage period.

SERVICE INTERRUPTIONS

The Company assumes no liability for interruption of Service due to circumstances beyond its control, including without limitation, acts of God, natural disaster, fire, civil disturbance, strike or weather.

CONGESTION MANAGEMENT

We monitor our network for utilization trends. We receive regular reports showing changes in network traffic and congestion. Connect2First performs routing monitoring on all network links to help ensure that traffic saturation does not occur on a regular basis. We do not set usage limits for our broadband Internet Service. As demand for our Internet Service increases, and as demand for higher bandwidth applications increases, we will monitor effects on network performance and plan upgrades as we deem necessary. Should unforeseen developments in the future make it necessary to implement an active congestion management program, we will update these disclosures as necessary.

SECURITY

Customer understands that using the Service presents certain security risks that may enable other internet users to gain access to or use of Customer's equipment or information. Customer is solely responsible for taking all appropriate security measures when using the Service, and agrees that neither Connect2First, nor its affiliates, directors, officers, employees, or agents, shall be responsible for security or information breaches. Software or applications installed on Customer-owned equipment, downloaded to your Customer-owned equipment, or available through the internet may contain viruses or other harmful features. It is your sole responsibility to take appropriate precautions to protect your Customer-owned equipment. The Company does not provide or ensure end user security to any Customer-owned device within the Customer Premise. Antivirus or firewall protection for a Customer-owned personal computer, laptop or hand-held device is the sole responsibility of the Customer.

The Company does deploy security measures to secure its network hardware in the data center and the field against unauthorized access. This is accomplished through the use of its network monitoring software and firewall filtering policies within the edge and core of its network.

You are responsible for protecting the information required to access or make modifications to your account (for example, passwords, PINs, secret answers to security questions, etc.). If someone else acquires this information (through no fault of ours), we will assume that you have authorized that person's use of the information and access to your account. Please report any suspected incidents of unauthorized access to your account or unauthorized disclosure of your account information to Connect2First promptly by calling 1-833-411-2234, visiting a Connect2First business office, or writing to us at 1000 South J. P. Wright Loop Rd., Jacksonville, AR 72078.

You assume all privacy, security, and other risks associated with providing any information, including personal information, to third parties via the Services. For a description of the privacy protections associated with providing information to third parties, you should refer to the privacy policies, if any, provided by those third parties.

We reserve the right to immediately terminate your Service if, in our sole and absolute discretion, we determine that you have used the Service or the Equipment in any of the aforementioned ways. In the event of such termination, you will be responsible for the full month's charges to the end of the current term, including, without limitation, unbilled charges, plus a termination fee, if applicable, all of which will become immediately due and payable upon termination of your Service.

If we believe that you have used the Service or the Equipment for an unlawful purpose, we may forward the relevant communication and other information, including your identity, to the appropriate authorities for investigation and prosecution. You hereby consent to our forwarding of any such communications and information to these authorities. In addition, Connect2First will provide information in response to law enforcement requests, subpoenas, court orders, to protect its rights and property and in the case where failure to disclose the information may lead to imminent harm to the Customer or others.

The Company has no obligation to monitor the Service or any user's use thereof or retain the content of any user session. However, the Company reserves the right at all times to monitor, review, retain and/or disclose any information as necessary to satisfy any applicable law, regulation, legal process or governmental request.
